

Solid Body

Heavy-duty, corrosion resistant brass body

Superior Quality

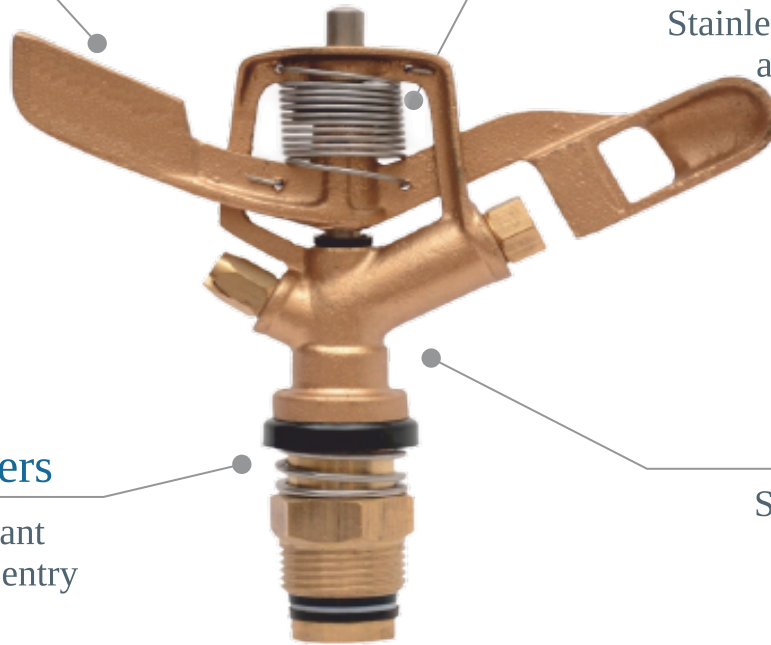

Stainless steel springs and fulcrum pin

Special Washers

Chemically resistant and prohibit dust entry

Flexibility

Single and Dual Nozzle Ports

IRRILINK-2

3/4" Full Circle, Brass Impact Sprinkler

Application Designed for all types of crops, general use, solid sets, permanent sets and landscaping

IRRILINK-2

3/4" Full Circle, Brass Impact Sprinkler

Features

- Available in 3/4" male threaded connection
- Full circle operation
- Heavy duty brass construction
- Stainless steel springs and fulcrum pin
- Trajectory angle 27°
- Corrosion resistant
- Special chemically resistant washers prohibit dust entry
- Single and Dual Nozzle Ports
- Built to last

Performance Data

Main Nozzle Ø mm	Spreader Nozzle Ø mm	Pressure at Sprinkler kPa	Radius m	Discharge	
				m ³ /h	LPM
4.5	3.1	200	11.00	1.6	26
4.5	3.1	250	12.0	1.98	33
5.1	3.1	200	11.50	1.94	32
5.1	3.1	250	12.25	2.18	36
5.1	3.1	300	13.00	2.37	39
5.5	3.1	200	12.25	2.26	37
5.5	3.1	300	13.50	2.77	46
